## salad solution to-go

Our Salad Solution To-Go is the all-in-one container you want when packing a salad. Tired of lugging your dressing, and it leaking all over your lunch bag? We created a special 2-ounce tight-sealed container that holds your favorite dressing to ensure perfect portioning and that fits right inside the container! The detachable chill ring also keeps your salad fresh and chilled so it's perfect to stay on track when you need to pack your lunch.

The divided lid also has a convenient storage for your favorite salad toppers like croutons, nuts, seeds, cheese, and more—no more soggy toppings.
